

Welcome back to the New Beach Club!

We are open, but many changes have had to be made. To protect you, our staff and other members **please do not visit if you feel unwell, especially if you have either a high temperature or a new, continuous cough or loss or change in your normal sense of smell or taste.** We ask also that you only use the club at this time if you are comfortable with the changes and are prepared to adhere to the following guidance.

To provide a safe environment and to adhere to government guidelines, the following measures have been introduced.

Access:

Access to the club will be limited to **members only**. Guests and visitors will not be accepted at this time.

All members will be allocated a table, based on availability, and are kindly requested to wait outside until a table is available

Dogs (on leads) and children are welcome, but will be required to remain at the table at all times.

Track and Trace:

We are required to record all members who visit the club and retain this information for 21 days to assist the track and trace system. This information will be requested before entry to the club and will include membership number, name and contact telephone number.

Table allocation:

A table will be allocated to each individual/group. Groups **must** be from the same household or support bubble as none of the tables are large enough to facilitate social distancing.

Ordering drinks:

Only one person from a table should order drinks. A clear system with signage and floor markings is in place.

If joining the ordering line would limit your ability to social distance, please remain in your seat until space is available.

Paying for drinks:

If possible please use contactless payment methods

Re-ordering process:

When reordering, place used glasses into the basket as clean glasses will be provided.

Movement around the club:

We ask that everyone adhere to the floor directional indicators, and **only** leave their seat to order drinks, use the toilet facilities or leave the club.

Toilets:

For your safety, and the safety of others, only enter the toilet if you can maintain social distancing. In most situation this will require only one person in the gents and two in the ladies at any one time. Cleaning products will be provided.

Social interaction:

whilst it is possible to talk to people on adjacent tables when seated at your table, we ask that for your safety and the **safety of others** that you do not approach or sit at any table other than your allocated table.

Leaving the club:

Each table will be provided with cleaning products. Please wipe down your table when leaving, remove all rubbish and place in the bag provided and follow the signage to the exit. Place rubbish bag into the bin and empty glasses on the glasses table near the exit

Other changes:

There will be no access in either direction to the beach and we kindly ask you to respect this. With the high number of visitors currently at Pett Level, having beach access would increase the risk to members with no control over non members walking off the beach into the club.

Thank you for your continued membership and your cooperation during this difficult period
